

Application for Exemption from the Freshman Live On-Campus Requirement

Freshmen (defined as students who have compiled fewer than 24 hours of college credit) are required to live in college housing for at least two semesters. Exempted from this policy are students who have reached their twenty-first birthday prior to the first day of classes; veterans of at least two years active military service; married students; students who commute to school daily from their permanent, legal residence of their parents (within a 35-mile radius of campus); and students who have resided in residence halls for two semesters, excluding summers. In order to be considered for a housing exemption, a student must follow the steps below.

- Review and Complete this Exemption Application form.
- Send the completed application and any supporting documentation to the Office of Campus Living. Supporting documents **may include**: your marriage license, copy of military orders or DD214, child's birth certificate, medical documentation, and notarized statement from parents and other letters as appropriate.
- The Housing Exemption Review Board will review appeals monthly, more frequently, if necessary.
- The student will receive notification of the review board decision via email within 5 business days after the Board meets.
- An exception from the residency policy are granted only before the first semester of attendance and does not release you from any obligations or requirements of a submitted Campus Living contract.

Request for Freshman Live On-Campus Requirement Exemption

By submitting this waiver to receive an exception from the freshman live on-campus requirement, I understand that my acceptance of this exemption is conditional on the following mandatory involvement activities:

Pirate Engagement Group Learning Community (PEG)

- I will be an active participant in a campus learning community specifically designed for freshmen who reside off campus coordinated by the Office of Student Transitions.
- I will enroll in a specific section of COAD 1000 designed to serve the off campus freshman learning community plus one additional foundation curriculum course (TBD) in the first semester that I am living at home under the freshman residency exception.
- I am required to purchase a Gold 500 meal plan for the first semester of enrollment under the freshman residency exemption so I might better connect to the campus and others in the freshman class.

I understand that should I fail to live up to any of these requirements during my first semester of enrollment at East Carolina University, that my freshman residency exemption may be revoked and I will become fully responsible for the full room and board charges for the academic year.
